**6. PRESENTATION/DISCUSSION: CREATION OF NEW 2024-33 STIP**

Due to the lack of funding to program new projects, the N.C. Board of Transportation, on the recommendation of the SPOT 6.0 Workgroup, decided to bring all further work on SPOT 6.0 to a halt. It has been decided that only existing STIP projects will be used to create the next STIP, and unfortunately some currently committed projects will be decommitted and subject to SPOT 7.0 prioritization. The Workgroup has created a process proposal to determine which projects should remain committed; this proposal has not yet been approved by the BOT, but they are expected to approve at their February meeting. There will be a brief presentation made by B.J. Eversole on the current proposal, then we will open up the floor to any STIP questions.

*Jason Schronce of the NCDOT’s SPOT Office gave a presentation on SPOT 6.0 prioritization and the next statewide State Transportation Improvement Plan (STIP). He explained how there was little to no money in most state transportation “buckets” (statewide, regional, division) to commit NCDOT to building new projects. Therefore, work on SPOT 6.0 has been halted. The quantitative scores will be released later in the year, but will have no bearing on the next STIP. It will be further discussed by the SPOT Workgroup and the NC Board of Transportation how to create the next STIP using existing project (approved in SPOT 1.0-5.0). The floor was opened to questions, of which there were none.*
  9. **Other Discussion** – *TAC Chair Bill Taylor asked Len White if a final design had been chosen for the Bridges St. Extension project in Morehead City. Len White responded that there had not been a final design chosen yet.*
  10. **Adjournment** – *A motion to adjourn was made by Len White and seconded by Don Baumgardner; the motion was approved unanimously. Chair Marshall adjourned the meeting at 2:19.*
